

Elevator Drive Systems

Waupaca Elevator offers a variety of drive systems that are certified to be safe, reliable and provide years of trouble-free service. Your Waupaca Elevator representative will review your project requirements, budget and local building codes to help determine the best choice for quick and trouble-free installation.

The Paca Series, is an affordable winding drum or hydraulic elevator system with a smooth stable ride. Innovative J-Rail system reduces installation time.

The Excelelevator™ roped hydraulic or winding drum elevator is our most popular residential series offering a smooth and quiet ride.

The Custom-Lift® is a model with a long history of dependability and versatility. It is ideal for new construction or remodeling projects with limited space.

Residential Elevators

Waupaca Elevator

Since 1957, Waupaca Elevator Company has been a leading producer of safe, reliable and affordable residential elevators. We manufacture beautifully designed elevators with a full complement of options and accessories that are unmatched in the industry.

Waupaca Elevator is a preferred brand of residential elevator because our quality is exceptional and it is custom made for you. Through our comprehensive dealer network, we help you specify, install and provide service for your elevator.

Our elevators are made with pride in the USA and are engineered to provide years of trouble-free performance. They are handcrafted using the finest quality materials and proven UL or ETL rated digital controls.

We offer comprehensive drawings for your architect or builder and deliver solutions that simplify installation for new construction or retrofitting into an existing home.

"Our Waupaca Elevator dealer exceeded our expectations in designing the perfect elevator to fit with the décor of our new home. We were delighted with their professionalism throughout the entire process."

Why Waupaca Elevator is right for your home.

Waupaca Elevator offers models to fit every budget with a range of styles and accessories designed to blend perfectly into any home décor.

A Waupaca elevator delivers a smooth, quiet ride that improves your home accessibility and can enhance your quality of life. An elevator allows you to stay in the home you love for as long as you would like.

A home elevator makes mobility from floor-to-floor safer, easier and more convenient.

A Waupaca elevator will dramatically increase your home's resale value and expand its marketability.

Waupaca elevators are installed and serviced by factory trained elevator specialists and are backed by more than 50 years of industry expertise.

Your investment in a Waupaca elevator is secure with a full 3-year limited parts warranty — one of the many reasons why more architects and builders specify Waupaca Elevator with confidence.

Waupaca Elevator is a family owned company dedicated to providing the performance and value you deserve in a residential elevator.

Your local Waupaca Elevator dealer can help you customize an elevator to your specific requirements.

To locate a Waupaca Elevator dealer near you, visit www.WaupacaElevator.com or call **(800) 238-8739**.

Custom Raised Panel Cabs

Your home is a reflection of your personal style. Our custom raised panel cabs allows you to select the hardwood, fixtures and accessories including glass or mirrors to create a design uniquely your own.

Raised Panel Solid-Wood Cabs

Solid wood cabs may be constructed from

our comprehensive selection or any other exotic wood of your choice. We offer ten standard panel designs, or we can create a custom option to match your specific needs. Combinations of wood species and contrasting stains can create beautiful and truly unique designs.
